MISSION OF THE LIBERTY TOWNSHIP TEA PARTY

The Liberty Township Tea Party is a grassroots, non-partisan, organization of private citizens united by our shared values and deep concern about excessive regulation and wasteful government spending.

We have three core beliefs:

Fiscal Responsibility • Limited Government • Free Markets

We were founded in the summer of 2009 with a desire to organize with like-minded individuals; with an interest to educate ourselves, and others, about significant current events that are negatively impacting our country and families; and with a commitment to work in concert with other concerned citizens to bring about positive, public policies that are consistent with our core values.

**Founding patriots*

The Patriot Council is made up of concerned citizens just like you, these people attended the organizing meeting in May of 2009 and stepped up to start Liberty Township's Tea Party. The council meets twice a month, plans general meetings, manages our website, manages our email/members list, organizes committees, sends press releases, procures meeting sights, manages donations and sends out Action Alarms via Paul Revere's emails.

The Cincinnati Tea Party is our parent organization. Members of our Patriot Council are also members of the Cincinnati Tea Party's board and steering committees.

We have several active committees and would like to expand the participation in each of these committees as well as starting additional committees. There is no end to the issues coming out of Washington DC which need to be addressed as well as anticipating future issues. Please contact any committee member listed below to lend your support and/or contact any Patriot Council member to start a new committee in your area of interest.

Tips When Calling Representatives

- ✓ If calling a Representative where you do not reside in their district, use *67 before you dial their number to hide your number
- ✓ They may ask for your address or at least a zip code, so be prepared to provide one. Note: The people answering the phones are not interested in hearing from you if you are not in their district. Keep in mind, their actions ultimately affect you, so you have a right to be heard!

- ✓ Remind them that you can and will support their opponent in the next election with your money and time if you are not being heard or represented.
- ✓ Be polite, but firm in your position.
- ✓ Ask the person to repeat the message you just left with them.
